LEHVOSS Group – Strengthening of activities in China

05.09.2022 - With the founding of a branch in Shenzhen, China, the LEHVOSS Group has further expanded its presence in one of the world's most important high-tech regions.

LEHVOSS (Shanghai) Chemical Co. Ltd. Shenzhen is already the fourth branch of the group in China. In addition to the headquarters in Shanghai and the production site and technology center in Kunshan, there is also a representative office in Dalian.

The main task of the new branch in Shenzhen is the expansion of business in the local high-tech industry through intensive technical-commercial and very direct support of the customers located there with products from the areas of high-performance compounds (LUVOCOM®), technical plastics (LVOTECH®), 3D printing materials and masterbatches.

“We are excited and happy about this foundation and the expansion of our activities in this important region in southern China. It shows our commitment and strengthens the bond with our customers,” says Arthur Li, Branch Manager LEHVOSS (Shanghai) Chemical Co. Ltd Shenzhen. “This is another milestone for our activities in China. Supporting end customers, suppliers and processors is particularly important in our plastics business. We can now do this even better with a strengthened local team,” says Xuesong Zhang, Managing Director, LEHVOSS (Shanghai) Chemical Co., Ltd.
